

<Nate Jensen

SKILLS

Javascript	React	Express	Mongodb	Mongoose
Nodejs	HTML/CSS	GIT	Token Auth	JQuery
Redux	Lodash	NoSQL	RESTful APIs	Axios
MVC	Thunk-Redux	JSON webtoken	React Router	Photoshop

PROJECTS

Yahtzee Clone

- A fully functional Yahtzee game created using Javascript and some of it's useful frameworks and libraries. The front end was developed in React using Redux for state management. A backend was built in Nodejs with express and Mongodb using Mongoose in order to save and display user highscores.

Trivia Game

- A front-end Trivia game developed in React using an external trivia database API. This project was made to test my knowledge of React while implementing Thunk in Redux for asynchronous Axios requests.

EXPERIENCE

URETC Web Developer Instructor, SLC UT – Volunteer

Mar 2018 - Present

- I teach Javascript, HTML, and CSS to individuals at the Utah Refugee Education & Training Center.

Fidelity Investments, SLC UT – Financial Representative

Nov 2014 - Jan 2018

- I obtained my series 63 & 7 licenses within 3 months of hire with no prior financial experience/knowledge.
- Earned 100% of quarterly bonuses through meeting company metrics as a top team contributor.

The Road Home, SLC UT – Family Crisis Case Manager

Feb 2014 - Oct 2014

- Worked one on one with homeless families to help them find work and a place to live.
- There were four, including myself, in the family case manager team, so there was a strong need for teamwork as responsibilities would often shift hands in the case of emergency.

EDUCATION

V School, SLC UT – MERN Stack - Jan 2018 - Apr 2018

University of Utah, SLC UT – BS Psychology - Aug 2010 - Apr 2014
